

**WVGMC**  
Health Health Partnership

October 26, 2021

Dear Providers and Volunteers,

The Will-Grundy Medical Clinic has received funds from the City of Joliet to make much needed repairs and minor renovations to our building's interior and exterior. Additional funds are earmarked for WGMC in pending Congressional legislation, which will allow for further interior renovations to better accommodate our patients and allow us to expand services.

Due to the construction, **we will not be able to see patients in our office beginning Friday, November 12, 2021 until further notice.** We are moving to a temporary administrative location, which has graciously been donated to the Clinic. The temporary site does not have clinic space, and under our lease, we cannot have patients in the building or parking lot. We are working to secure temporary, donated clinic space for in-person clinics.

In the interim, we will see patients via telehealth whenever possible. Prescriptions will continue to be distributed to patients in our parking lot on Tuesdays from 10:00AM-12:00 noon. Patients may drop off prescription refill requests and other paperwork, such as discharge papers and lab orders, in a secure drop box on the front of the Clinic building. For emergent prescription requests or lab orders, patients may call the Clinic for prompt service. Our email addresses, telephone and fax numbers will remain the same.

We look forward to welcoming you and our patients back to the Clinic as soon as possible. Thank you for your dedication and continued support of WGMC and our patients!

Sincerely,

Shawn Marconi  
Executive Director
